Tropical Science

Volume 31, 1991

CONTENTS

Number 1

RESEARCH PAPERS

1 Pre-planting method and duration of storing sweet potato (*Ipomoea batatas* (L) Lam) shoot cutting planting materials for increased tuber yield
S. C. O. Nwinyi

9 The longevity of pea, sunflower and groundnut seeds under controlled temperature and moisture content conditions
S. O. Bennett-Lartey

21 Storage of rabi/summer groundnut (*Arachis hypogaea* L.) with calcium chloride for prolonged seed viability and vigour
P. C. Nautiyal and Y. C. Joshi

27 Variation in rice associated with kernel thickness. III. Milling performance and quality characteristics
J. I. Wadsworth and R. E. Hayes

45 Chemical and microbiological changes during autolysis of fish and poultry viscera
N. S. Mahendrakar, V. S. Khabade, K. P. Yashoda and N. P. Dani

55 Rancidity and changes in fatty acid composition of salted dried and salted smoked mackerel cakes
G. R. Akande, M. J. Knowles and K. D. A. Taylor

65 The effect of water on the extraction of oil from groundnut paste using a plate press
T. W. Hammonds, R. V. Harris and S. W. Head

73 The influence of moisture content on the extraction of oil from fresh, grated coconut
T. W. Hammonds, R. V. Harris and S. W. Head

DEVELOPMENT REPORT

83 A fuel efficient kiln for Nile perch
J. F. Rogers, A. S. Tariq and G. R. Ames

95 Strength characteristics of packaging papers made from tropical wood species
K. A. Twimasi

SHORT COMMUNICATION

101 A chemical study of seeds in three *Canavalia* species
B. F. Rodrigues and S. G. Torne

BOOKSHELF

105 Resource Assessment and Farming Systems Bookshelf

Number 2

RESEARCH PAPERS

109 Storage of paddy in hermetically sealed plastic liners in Sri Lanka
E. Donahaye, S. Navarro, A. Ziv, Yehudit Blauschild and D. Weerasinghe

123 Efficacy of thiram as a seed dressing fungicide and its effect on seedling vigour of paddy
Md. Mastan Pasha, K. A. Anu Appaiah and N. G. K. Karanth

131 The effect of fermentation on the viscosity of sorghum porridges
A. Westby and S. Gallat

141 Metabolizable energy (ME) value of high residual lipid copra meal in formulating broiler chick diets
S. Panigrahi

147 Processing, evaluation and water relations of date paste
A. K. Yousif, I. D. Morton and A. I. Mustafa

159 Effect of storage and packaging on some chemical and physical properties of date paste
A. K. Yousif, I. D. Morton and A. I. Mustafa

171 Effects of growth regulators on 'Shahani' dates in relation to producing seedless fruits
E. Tafazoli

177 Control of post-harvest losses in citrus fruits under tropical conditions: effects of wax and fungicide
O. C. Aworh, C. F. Nwankwo and A. O. Olorunda

183 Chemical and physical changes in plantains (*Musa paradisiaca*) during ripening
A. Firmin

REVIEW

189 The physico-chemical properties of cassava starch
J. E. Rickard, M. Asaoka and J. M. V. Blanshard

SHORT COMMUNICATION

209 Ginger, cashew and neem as surface protectants of cowpeas against infestation and damage by *Callosobruchus maculatus* (Fab.)
T. N. C. Echendu

BOOKSHELF

213 Pest Management Bookshelf

Number 3

RESEARCH PAPERS

217 Effect of inert clay and insect growth regulators on the development of *Callosobruchus chinensis* L. and the germination of mungbean seed [*Vigna radiata* (L.) Wilczek]
T. Ramesh Babu, S. H. Hussaini, M. Sriramulu and M. K. H. Siddiqui

223 Effect of seed treatment and storage containers on the maintenance of viability of sunflower seed
Shaik Mohammad and R. Sham Sunder

229 Synergistic effects of heat and sodium o-phenyl phenate treatments to inactivate *Penicillium* spores and suppress decay in citrus fruits
Rivka Barkai-Golan and A. Apelbaum

235 Evaluation of post-harvest losses and quality changes in tomatoes in Borno State, Nigeria
A. M. Akinbolu, U. U. Ukoh, C. A. Negbenebor and J. O. Igene

243 Effect of post-harvest calcium chloride dips on ripening changes in 'Julie' mangoes
A. Mootoo

249 Cyanide content in fresh and processed Fijian cassava (*Manihot esculenta*) cultivars
W. G. L. Aalbersberg and L. Limalevu

257 Effect of molasses and urea on the silage fermentation of cassava tubers
G. Padmaja and C. Balagopalan

265 Quality evaluation of sun-dried yam chips
J. C. Okaka, P. A. Okorie and O. N. Ozo

277 The pulping and papermaking potential of young plantation-grown eucalyts from Dongmen, China
F. H. Phillips

REVIEWS

295 Post-harvest deterioration of cassava
R. A. Plumbley and J. E. Rickard

305 Influence of cob and grain characteristics on the processing properties of maize
T. Srinivas, M. K. Bhashyam, N. Manjunath and K. T. Pandurange Gowda

SHORT COMMUNICATION

317 Utilization of overripe bananas for vinegar production
E. R. Suresh and S. Ethiraj

BOOKSHELF

321 Livestock and Fisheries Bookshelf

Number 4

RESEARCH PAPERS

325 Biodeteriorative and physico-chemical changes in modified atmosphere packaged oranges and the microbial quality of the preserved and unpreserved juice
B. J. O. Efiuvwevwere and J. A. Oyelade

335 Chemical changes in some cooking banana and plantain cultivars during ripening
A. M. Almazan

347 Moko disease (*Pseudomonas solanacearum*) of *Musa* in Belize
R. Black and A. Delbeke

355 Application of biogenerated modified atmospheres for insect control in small grain bins
N. Paster, M. Calderon, M. Menasherov, V. Barak and M. Mora

359 The control of post-harvest diseases of taro corms
M. A. Quevedo, R. T. Sanico and M. E. Baliad

365 Effect of lime and local gin on post-harvest rot of yams
E. L. Ogali, J. S. Opadokun and A. O. Okobi

371 Post-production qualities of early rices (*Oryza sativa* L.) and criteria for variety release
M. N. Sahay, C. Gangadharan, D. K. Jaiswal and S. Das

379 Preliminary studies on tropical hop substitutes
J. O. Aina and E. E. Uko

387 Lebanese filled cheese: chemical and physical changes during storage
H. A. K. Dib and A. E. J. Morris

397 Nutritional value of some lesser-known wild food plants and their role in tribal nutrition. A case study in North East India
R. K. Maikhuri

REVIEW

407 Grain chalkiness in cereals
G. N. Raju, N. Manjunath and T. Srinivas

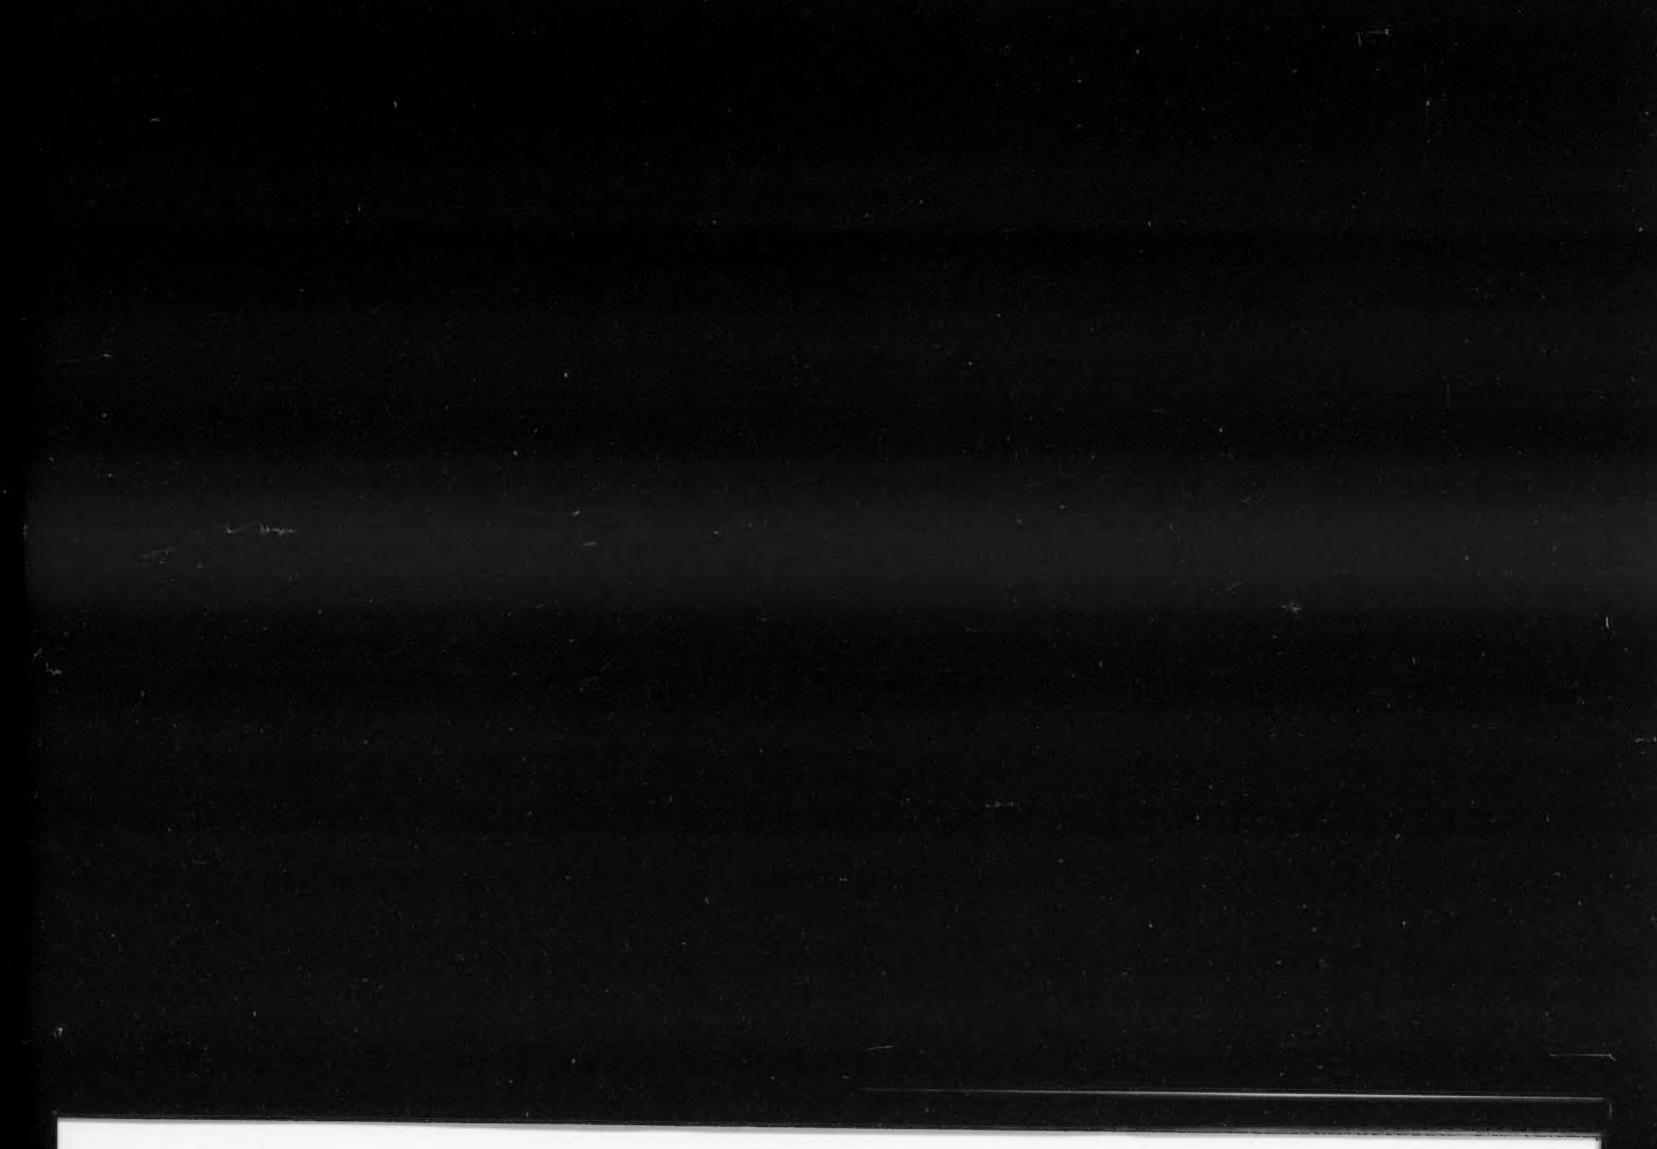
SHORT COMMUNICATIONS

417 Alpha-glucosidase activity in four varieties of Fiji sugar cane
W. G. L. Aalbersberg, N. Ali, R. Naidu and S. Sotheeswaran

421 The influence of pattern, density and season of planting on the growth and yield of the horn-type plantain cultivar Borodewuio (*Musa acuminata* and *M. balbisiana* AAB)
G. K. Hotsonyame

BOOKSHELF

425 Post-harvest Bookshelf

429 Author Index


430 Subject Index
